**NEW ASSURANCES EFFECTED DURING YEAR ENDING

MORE than 70 years have now elapsed since our increasingly favourite AERATED BEVERAGES were first introduced; and solely by their superior merit and moderate price they have now attained the unqualified approval of a wide circle of all classes of society. Their manufacture has always been under the immediate supervision of medical men, which is the best guarantee the public can have that the AERATED WATERS manufactured by the Company are the purest and most wholesome that can be produced. All the materials used are of the highest degree of purity. The water is subjected to thorough filtration: each bottle contains a definite and unvarying proportion of the respective alkalies or syrups; and as scrupulous care is exercised in their manipulation, they may be relied on as absolutely free from organic and metallic contamination.

The Spacious Premises, built expressly to meet the rapidly increasing demand for our AERATED WATERS, and fitted with appliances of the most modern, powerful, and approved description, are now the largest and most complete works of the kind in Scotland.

Parliamentary Proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a Book Post.

I.—BOOK POST (Inland).

A Book Packet may contain, not only books, papers, or other substance in ordinary use for writing or printing, whether plain or written or printed upon (to the exclusion of any written letter, or communication of the nature of a letter), photographs, when not on glass, or in frames containing glass, or any like substance, and anything usually appertaining to such articles in the way of binding and mounting necessary for the safe transmission by post, but also CIRCULARS—i.e., letters which appear from internal evidence to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed.

- 3rd. A packet posted wholly unpaid will be charged with double the book postage, and if posted partially prepaid with double the deficiency.

- 5th. A book packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise), not being a circular letter, or not wholly printed, nor any enclosure sealed or in any way closed against inspection, nor any other enclosure not allowed by section 9. (Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.) If this rule be infringed, the entire packet will be charged as a letter.†
- 6th. No book packet may exceed 5 lbs. in weight, or 1 foot 6 ins. in length, 9 ins. in width, and 6 ins. in depth.

Adhesive stamps are not accepted in payment of the postage.

2. The front (or stamped) side is for the address only, in addition to the printed words "Post Card" and "The address only to be written on this side." 4. No Card other than one of those issued by the Government, or a private Card embossed with a halfpenny stamp at the Office of Inland Revenue, Somerset House, or at the Stamp Offices at Liverpool and Newcastle-on-Tyne, will pass under a halfpenny stamp, if it bear on it a communication of the nature of a letter (unless it be a circular letter as defined at page 4).

5. Post Cards for abroad, with impressed stamps of 1d, 1½d, 2d each, are sold at those rates, and are transmissible to all the countries of the Postal Union without extra charge.

6. Reply Post Cards for certain places abroad are also issued with impressed stamps of 2d, 3d, and 4d respectively.

GENERAL REGULATIONS.

It is forbidden to put forward by post any indecent or obscene print, paintings, photographs, lithographs, engravings, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any other words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent to the Returned Letter Office.

Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or the person of any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before the despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders, or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion.

" " 9 "	"	10 "	1	4½
" " 10 "	"	11 "	1	6

No Parcel can be sent exceeding 11 lbs. in weight.

4. Parcels must not be posted in a letter-box, but must be handed over the counter of a Post Office. If a Parcel be posted in a letter-box it will be treated and charged as a letter (or as a book-packet if entitled to pass at the book-rate of postage). The Postmaster-General will (not in consequence of any legal liability, but voluntarily, and as an act of grace), subject to the rules herein-after mentioned, give compensation for the loss and damage of inland parcels according to the following scales, viz. :—

- a. Where no fee except postage is paid, the Postmaster-General will give compensation to an amount not exceeding £1.
- b. Where, in addition to the postage, an insurance fee of 1d is paid, the Postmaster-General will give compensation to an amount not exceeding £5.

No legal liability to give compensation in respect of any parcel will attach to the Postmaster-General, either personally or in his official capacity, and whether or not an insurance fee has been paid. Accordingly the decision of the Postmaster-General as to all questions of compensation will be final.

II.—BERTHING VESSEL AND DELIVERING CARGO.

1. Vessels are bound to discharge at the berths assigned by the Harbour Master, and Consignees are bound to take delivery of cargo from alongside when landed at the quay at said berths.

2. In the case of Timber discharged into the water, the Consignee is not bound to take delivery unless the timber is inside a Harbour Basin, so that when the assigned berth is not inside a Harbour Basin, the ship is bound to float the timber into a Harbour Basin, and deliver it there.

3. All deals, staves, or broken stowage must be landed on the Quay by the ship.

III.—TIME FOR DISCHARGING WHEN NO NUMBER OF LAY DAYS IS SPECIFIED IN THE CHARTER PARTY.

1. When the vessel is in the berth assigned by the Harbour Master, the Master gives notice thereof to the Consignees, and the Master is bound to begin delivering, and the Consignee to begin taking delivery of the cargo within twenty-four hours thereafter, provided the time allowed for entering the cargo shall then have elapsed.

2. The Master is bound to tender, and the Consignee to receive, cargo each working day, weather permitting, at the following rates, unless a larger quantity is mutually agreed on, or unless modified by the Harbour Master, in virtue of the powers possessed by him under the Harbour Bye-Laws :—

- a. Vessels laden with sugar not exceeding 200 tons register, are allowed one working day for every 50 tons of the estimated weight of the cargo ; and vessels above that tonnage similarly laden are allowed one day for every 75 tons of the estimated weight of the cargo during the winter months (October to

February inclusive), and for every 100 tons of such estimated weight during the remainder of the year, except in regard to vessels with Brazil cases of sugar, which are allowed one day for every 50 tons during the first period, and every 75 tons during the latter period.

- b. Vessels with wood or timber are allowed one day for every 100 loads of the cargo during the winter months, and for every 150 loads during the remainder of the year.
- c. The discharge of vessels laden with other non-dutiable goods to be carried on during the ordinary working hours according to the season of the year—unless when overtime is worked by mutual agreement, and Consignees are bound, weather permitting, to keep the discharge going continuously during said hours, and to receive and to remove the cargo from the ship's gangway in such a way as to enable the work to be carried on without interruption throughout the entire discharge to the full extent of the ordinary hours allowed for carrying on the work.

IV.—LAY DAYS WHEN THE NUMBER IS SPECIFIED.

1. The Master gives written notice to the Consignee when the vessel is in the Discharging Berth assigned by the Harbour Master and ready to discharge, and the lay days begin to count from the date on which the said notice is given; but the day of giving notice does not count as a lay day unless the said notice is received by the Consignee before Twelve o'clock noon.

2. In case the harbours are so crowded that the vessel cannot be berthed, the Master gives written notice to the Consignee when the vessel is in the Harbour Basin or moored at the Quays, and, provided she would have been ready to begin discharging if the berth had been available, such notice takes the place of that provided in the previous clause.

3. Days (not described as "running days") meaning working days—*i.e.*, Sundays and Customs and local holidays, do not count.

4. When the number of lay days is specially mentioned for discharging, the Master is bound to tender, and the Consignee to take delivery, of a proportionate quantity of the cargo each working day, unless some other quantity is mutually agreed on.

NOTE.—Should the said proportionate quantity be less than the quantity specified above (Section III., Clause 2), the Master is bound to tender, and the Consignee to take delivery, of the latter quantity each working day.

5. When the number of lay days for discharging is the unexhausted balance of a number specified for discharging and other purposes, the quantity to be tendered and taken delivery of each working day is the quantity specified above (Section III., Clause 2), unless a larger quantity is mutually agreed on.

6. A day does not count against the Consignee if the discharge is interrupted through failure of the Master to tender cargo as above stated.

V.—SETTLEMENT OF FREIGHT.

1. Freight on wood and timber from ports in Canada and United States are payable, one-third in cash on arrival, and the remaining two-

thirds on right and true delivery of the cargo, in good and approved Bills at four months, or in cash less four months' discount at the rate of five per cent. per annum, from the date of completion of discharge.

2. All other Freights, except Coasting and Continental Freights are payable on right and true delivery of the cargo in cash, less one month's discount at the rate of five per cent. per annum, from date of vessel's report at Customs, in cases of cargoes from ports on this side of Cape Horn and the Cape of Good Hope, and less two months' discount at the said rate in cases of cargoes from ports on the other side of the said Capes.

3. Freights on goods payable by weight are payable on the net weight delivered, unless otherwise specially stipulated, except Coasting and Continental Freights, which are payable on the gross weight, unless otherwise specially stipulated. Freights payable by measurement are payable by calliper measure, unless otherwise specially stipulated.

4. When Freight is payable by a Bill on Usance on London or in cash equal thereto, cash without discount is meant, or a Bill for the same amount on London at such a date as the Banks here will grant without charge.

5. Approved Bills means Bankers' Drafts or Acceptances guaranteed by a Banker.

6. When the ship is consigned to charterers or their agents paying usual or customary commission, the consignee of the cargo is entitled to deduct two-and-a-half per cent. from the amount of Freight payable by him.

NOTE.—When Freight is to be paid in cash on right and true delivery of the cargo, without reference to the custom of the port, net cash free from discount is meant.

J. T. WILSON,

10 West Blackhall Street, Greenock,

TAKES this opportunity of thanking his friends and the public generally for the liberal support accorded to him in the past, and begs to intimate that he intends introducing the CASH SYSTEM into his business on *1st May, 1886*. It will be his aim to sell at minimum profits, and customers may rely on the quality of the goods being maintained. Gentlemen who believe in paying for an article when they get it will, by this new system, save from ten to twenty per cent.

In the HAT DEPARTMENT it will be his aim to sell at prices hitherto unknown in the Retail Hat Trade, and he trusts the adoption of this method will meet with their approval, and hopes for a continuance of their esteemed favours.

MONTGOMERIE'S
EXTRACT OF MALT
DIGESTIVE BREAD, BISCUITS, RUSKS, &c.

IN the manufacture, the BREAD, BISCUITS, RUSKS, &c., are put through a particular process before firing, and by the action of PATERSON'S EXTRACT OF MALT, the Starch contained in the Flour is reduced to a minimum. The *diastase* of the Malt is made to act upon the Insoluble Starch, and to convert it into Soluble Dextrine, a change which is absolutely necessary as a part of the business of Digestion. Thus a Bread is supplied so prepared that a part of the business of Digestion is already done, and is therefore more nutritious than ordinary Bread, and is a valuable addition to the Food of Children and Invalids.

The Subscriber respectfully intimates that he has acquired the right to manufacture the above for GREENOCK, PORT-GLASGOW, and GOUROCK, and confidently recommends the same to his numerous friends and customers.

The Bread may be purchased from the Vans when in locality.

THE BLEND!!!

 CAN strongly recommend my BLEND of Old-Matured HIGHLAND WHISKIES as being a selection of the choice productions of the most Famed Distilleries of the North and West of Scotland, mixed so as to give full effect to the special qualities possessed by each. This Blend is pleasant to the palate, as it is mellowed by age. It is restorative, owing to the different Spirits being Blended with a due regard to their chemical properties. It is nutritious and wholesome, because it is Distilled from the finest Scotch Barley, and that which contains the greatest amount of saccharine is only mashed. It is invigorating and gives zest and an exhilarating tone to the constitution. This Celebrated and most delicious Old Spirit is composed of the very cream of Old Highland Whiskies: is perfectly pure and divested of all Fusel Oil, peculiarly free from acidity, and is better adapted for general use than any other Spirit—Cognac Brandy not excepted. All the Whiskies used in this Noted Blend are specially Distilled and kept in Customs' Bond for Ten Years before being used, and until they are toned and completely matured by age.
